BENCHMARK

# 2 COBALT CHROME™

**STRONG. NATURAL. FORM.**

For many years, Benchmark has produced a collection of remarkable wedding bands in precious metals. The FORGE™ line features an assortment of alternative metals such as Tungsten, Titanium, Seranite™, and the newest metal, Cobaltchrome™. Cobaltchrome™ is a new generation of contemporary metal that offers extraordinary characteristics.

## LIFETIME GUARANTEE

In addition to its astonishing features and characteristics, Cobaltchrome™ comes with Benchmark's Lifetime Guarantee. Register your ring to receive this guarantee that offers a variety of lifetime services ranging from resizing to refinishing. To locate your nearest Benchmark retailer for more information, please call 1.800.633.5950 or visit [benchmarkrings.com](http://benchmarkrings.com).

## RESILIENCY

Cobaltchrome™ is incredibly hard and provides an uncompromising strength.

## SHATTERPROOF

Because of its tremendous abundance of strength, it is shatterproof and will not crack.

## SCRATCH-RESISTANT

Its reliable durability has also proven to be scratch-resistant.

## HYPOALLERGENIC

Cobaltchrome™ does not contain harmful alloys that cause allergic reactions.

## BIO-COMPATIBLE

Because it is purely natural and can be tolerated by the human body, it has been highly accepted and used within medical practices.

## PERMANENT LUSTER

Cobaltchrome™ features a natural, long-lasting high luster that never fades or discolors over time.
